Tools: Git, GitHub, VS Code, Postman, NPM, Chrome DevTools, Vercel, Firebase, Surge

Soft skills: Adaptability, Communication Skills, Time Management.

Experience

Junior Web Developer

SM Technology | July 2025 – Present

At SM Technology, I design and develop professional, responsive, and user-friendly websites, delivering customized digital solutions that align with diverse client goals.

- Design and customize websites to meet client needs and deliver engaging user experiences.
- Implement content workflows to ensure brand consistency and optimize site performance.
- Stay up to date on features and web design trends to deliver modern, high-quality websites.

Projects

LuxeMatches – Matrimony Full Stack Web App

[Live Link](#) | [Client Link](#) | [Server Link](#)

Overview: LuxeMatches is a premium matchmaking platform where users can explore biodata profiles, request contact access via payments, and interact through a secure, responsive interface with dynamic filtering and admin control.

- **Role-based Access & Authentication:** Users can log in using Firebase Auth, and routes are protected with JWT for security.
- **Stripe Payment Integration:** Users can securely pay to request contact details, which admins later approve.
- **Dynamic Filtering & Pagination:** Users can filter Biodata by age, division, and gender with seamless client-server sync.

Tech Stack: MERN Stack (MongoDB, Express.js, React, Node.js), Tailwind CSS, Firebase Auth, Stripe, React Router, React Query, Framer Motion, SwiperJS, JWT, Axios

WorkNest: Job Management Web Application

[Live Link](#) | [Client Link](#) | [Server Link](#)

Overview: WorkNest is a modern web app that helps users efficiently track, manage, and organize their job applications in one centralized dashboard.

- **Role-based dashboards:** Three role-based dashboards. Admin, Hr, Employee(JWT protected)
- **Stripe integration** for employee salary payments
- **Work submission forms** and **monthly progress tracking**

Tech Stack: MERN Stack (MongoDB, Express.js, React, Node.js), Stripe, JWT, Firebase, Tailwind CSS, React Query, Framer Motion, Axios

Certifications
